SANKHLA INTERNAL ENVIRONMENTAL POLICY

Sankhla steering committee is a statutory body responsible for protecting the environment for the people. We regulate and police activities that might otherwise cause pollution. We ensure there is solid information on environmental trends so that necessary actions are taken. Our priorities are protecting the environment and ensuring that development is sustainable.

The Mission Statement of the Sankhla environment policy is:

'To protect and improve the environment as a valuable asset for the people'

We recognize that we occupy a unique position in respect of care for the environment. Consequently we are committed to incorporating good environmental management and practice into our everyday activities. Our policy aims to minimize the environmental impact of our own activities, to achieve continual environmental improvement, to prevent pollution, to encourage environmental awareness with in our organization and to contribute to sustainable development.

We are committed to comply with applicable environmental legal and requirements that apply to our activities.

A set of clear environmental goals have been set for the organization with appropriate performance indicators, which will be monitored on a non going basis in relation to:

- **Waste management**
- **Energy use**
- **Water use**
- **Transport and travel**
- **Procurement of goods and services**
- **Environmental education and awareness among our staff**

We will communicate our Environmental Policy, plans and performance to staff and we recognize the contribution our staff make towards improving the environmental performance

The board of Sankhla steering committee has ultimate responsibility for the environmental performance of the organization. It will ensure that the necessary environmental policies and resources are put in place to minimize the environmental impacts of the organization
